During the tour you will visit unique destinations of Kamchatka: the Avachinsky and the Mutnovsky active volcanoes which are considered the most beautiful volcanoes of Kamchatka. You will also have a chance to see the unique Geyser Valley and go on a sea cruise to Avacha Bay and into the Pacific as well as visit the largest sea birds nesting place on Kamchatka.

You will go rafting down the Bystraya river which runs between the majestic mountains of Kamchatka Middle Range. You will have a chance to watch local wildlife such as brown bears, different species of birds and salmon spawning. While on tour you will swim in several natural warm springs and thermal water swimming pools.

## Itinerary

## Day 1

Transfer from the airport to Petropavlovsk (25 km). Check in at a hotel (DBL). Time to rest or take a walk to the city. Meeting with your guide and dinner at 8 p.m., discussing details of the itinerary.

## Day 2

Free day. Helicopter tour (optional) to Geyser Valley and to the caldera of Uzon volcano, including flying around the Karymsky (1486 m) and Maly Semyachik (1560m) volcanoes. Walking tour in Geyser Valley and the caldera of Uzon volcano and swimming in natural thermal springs "Zhupanovskie". Dinner in Geyser Valley. In the evening jeep transfer to the mountain plateau between the Avachinsky and Koryaksky volcanoes (45 km). Accommodation at Avachinsky base mountain camp, 4-10 participants per cabin.

## Day 3

Ascent of Avachinsky volcano (2749 m). Climbing up for 6-8 hours, climbing down for 2-3 hours. Time to rest in the camp after the ascent. Russian steam bath available on request.

## Day 4

Walking tour to the Verblyud ("Camel") mountain and along the spurs of the Koryaksky volcano. Multiple photo sites for taking pictures of mountain landscapes, alpine flowers and a colony of ground squirrels. After lunch jeep transfer to Petropavlovsk. Check in at the hotel, time to rest or walk around the city.

## Day 5

Motor car transfer to the Bystraya river (120 km). Start of rafting down the river (using air rafts). The river runs between majestic mountains of the Kamchatka Middle range, its rapids are quite safe even for beginners. But what's most important, guests will have a unique chance to encounter local nature untouched by civilization. Dinner by the camp fire with traditional Russian fish soup. Overnight sleep in tents.

## Day 6

Rafting continues with passing two rapids. On the way guests will have a chance to go fishing, pick mushrooms and berries, watch seagulls and wild ducks, and with a bit of luck see a bear or a sea eagle. It all makes rafting down the river an exciting adventure. Overnight sleep in tents.

End of rafting with passing one rapid. Jeep transfer to Petropavlovsk (180 km). Check in at hotel, time to rest.

Motor boat cruise to Avacha Bay (5-6 hours). Tour to Babushkin Kamen ("Granny's rock") and Tri Brata ("Three Brothers") islands with their sea birds nesting places. Cruise into the Pacific up to Starichkov Island. Jeep transfer across the Vilyuchinsky and Gorely volcanoes plateau to Mutnovsky volcano area. Setting up a camp, overnight sleep in tents.

Ascent of Mutnovsky volcano crater (2323 m). Tour round the active fumaroles, mud siphons and the mountain lake. The crater of Mutnovsky volcano is one of the most colorful volcanic phenomena on Kamchatka. The deep and wide crater cavity is surrounded by steep walls, there are glittering glaciers broken by deep cracks and holes of boiling fumaroles inside it (duration of climbing is about 6-10 hours). Overnight sleep in tents.

Ascent of Gorely Volcano (1829 m), walk along lava streams and slag fields, tour round 3 craters and their lakes (duration is 5-6 hours). In the evening transfer to the tourist camp in Paratunka resort area. Check in at the camp, swimming in thermal water pool.

Breakfast. Visiting fish market and souvenir stores. Transfer to the airport.
